

**KliM**

KliM is a functional shelving system consisting of side-frames (endings), shelves and crosses. Steel frame and cross in green chrome (chrome III) or white lacquered. Shelves in black or white lacquered mdf. The depth is always the same, the side-frames available in two heights, the shelves available in two lengths. The cross available in two sizes. The sections can be linked together using cross and/or shelves.

	high	low
Overall height	1850	900
Total depth	350	350
Section width	600/800	600/800
